

# Swisspearl Planea

Fresh and colorful creativity

Planea is a grey based fiber cement panel with a opaque coating. The matt and smooth finish emphasizes the clear, bright and bold colors for an overall intense appearance.

In addition, to allow rich colors, the opaque, acrylic surface coating also protects the panels, and thus your building, from extreme weather conditions.

Planea panels enable a color intense, yet a natural, strong and lasting building envelope.

**Custom Colors:** The Planea panel is perfect for creating your own personal color of choice. (RAL, NCS, Pantone etc). For more information refer to page 50.

Photographer: Meraner & Hauser OHG / SNC, Bozen, Italy.
